BlackBerry 8120, BlackBerry 8820, BlackBerry 8310, and BlackBerry 8300 owners on AT&T Wireless are slated to receive the 4.5 firmware update in mid-September. The upgrade to OS 4.5 includes a host of new features:

- Improved "desktop-like" web browsing
- HTML email and improved email GUI
- Docs To Go : allows for editing Word, Excel and PowerPoint files
- New UI for media player
- BlackBerry 8820 and 8120 owners will have an automatic login to 17,000 WiFi hotspot

The OS 4.5 update will ship on these models in October. When it becomes available, you'll find the update at [att.com/bbdownloads](http://att.com/bbdownloads)
