Best Buy is now taking pre-orders for the Verizon BlackBerry Storm. They have yet to provide an actual release date, but of course we continue to hear November 14th. To lock up a Storm, you'll need to provide them with a \$50 refundable deposit. Best Buy will guarantee that you will get a BlackBerry Storm when it's released. Pricing is expected to be in the range of \$199 and \$299 with a 2-year commitment.
